

TO WHOM IT MAY CONCERN

I had the pleasure of working with Bill Collins at AECOM for 6 years from October 2006 to November 2012.

Bill's role was Principal GIS & Spatial Systems Specialist. He started the GIS group and grew his team and it's capabilities to embrace ever changing technology. He was always enthusiastic and supportive of his staff and because of that he was well respected by them.

During his period of employment Bill worked on many major projects in Defence, Rail and Transport where he used his extensive knowledge in spatial data management and GIS skills. Bill educated a lot of us about the benefits and value of GIS & Spatial Systems.

I have no hesitation in recommending Bill for any position for which he chooses to apply, as he would be an asset to any organization.

If you would like me to elaborate on the above, please do not hesitate to contact me on 07 3553 3532

Peter McLean

Associate Director
